PROFILE

Turning data into decisions, and objectives into results.

Experienced in real-time analysis, workforce management and team leadership. I keep operations balanced between efficiency, service quality and people performance. I monitor live operations, optimise schedules, build reports and analysis, and handle operational tasks with determination and focus. My background combines strong analytical insight with clear, empathetic communication.

HIGHLIGHTS

Most Collaborative Employee · 2023

Selected as the winner for the most collaborative employee of the project.

Training trip to Cairo · Feb 2024

Two weeks in Cairo to support and train the new team.
